

EMERGENCIES CAN'T TELL TIME.

That's why our pediatricians are now on hand in our emergency department 24 hours a day, seven days a week. Though most kids can't say "leading, comprehensive pediatric care," that is what they'll get at Sky Ridge Medical Center. Here you'll find some of the most compassionate and experienced pediatric specialists around, using the latest in technology to treat our young patients in a warm, kid-friendly area in the emergency department or in our pediatrics wing. In addition, we offer special things like futons for parents and a children's playground to make the experience more comfortable for the whole family. Our expert staff goes above and beyond to make you and your child feel better than you could ever imagine.
